RE: Docket No. 07-16 (Free High Speed Internet for all Americans)

Dear Mrs. Secretary:

The internet has become a vital part of my company's way of doing business. It is hard to believe there were days when I had to dial up. Cable, phone and Wi-Fi have brought high speed Internet access to parts of the country but it seems there a digital divide that must be narrowed.

I understand that there is a petition by M2Z Networks to provide free, universal broadband. I am very much in favor of this proposal. It would be great if more people had access to nationwide broadband.

Please vote to make high speed broadband a reality.

Sincerely,

Robert Nackman
